# Magnapunch™ Pro

Meet the all-new GBC® Magnapunch™ Pro. This powerful interchangeable die punch is the fastest in the industry and delivers unparalleled reliability and durability. Boasting a half-second punch cycle, the Magnapunch Pro provides your office or print shop with a best-in-class high-volume desktop punch.

## Fast Performance

- Half-second punch cycle
- Efficient power system driven by flywheel technology that converts electric energy to kinetic energy, allowing for faster acceleration and punching
- Punches up to 49 sheets at a time (varies by punch pattern)
- Punch activated by table top trigger or foot pedal to maximize through put
- Easily accessible punch-pins
- Large chip tray with capacity for chips from 40,000 sheets

## Reliable and Durable

- All-metal housing
- Redesigned metal cover with die set ruler viewer
- Cast aluminum base that acts as a durable platform for the punching mechanism
- Durable precision worm gears constructed from high-grade carbonized steel, which allow for quick energy transfer and faster punching
- Enhanced edge guide with adjustable sliding knob and screw system
- Locking die set system with integrated safety switch, 13 die sets (including a new wire calendar die), and compatibility with Magnapunch 2.0 dies
- 1-year warranty
