

SUREBIND SYSTEM 500 BINDING MACHINE

If you need a secure solution for binding contractual, legal, personnel and other professional documents then you need look no further than the GBC SureBind 500. It produces distinctive documents that convey quality and elegance and guarantees to offer that extra special look to book bound documents. Documents are custom bound using hot knife technology to permanently lock pages into place keeping confidential projects safe and secure.

The GBC SureBind 500 is a manual punch and electric binding system suitable for documents up to 500 pages , ideal for small and medium sized businesses. The punch is separate from the binding unit to enable 2 people to punch and bind for faster productivity. . Binding is completed by using a 10 prong plastic binding strip that is trimmed and welded to a partner strip to create a spine in under 10 seconds by simply lowering the binding handle and crimping bar. You only require 2 sizes of binding strip to bind any sized document up to 2".

Also included is a de-bind tool in case you need to rebind the document. The SureBind 500 is the perfect solution if you need to produce tamper-proof, professional and great looking bound documents.

The SureBind 500 weighs 7.3kg and is sized at 500(H) x 400(W) x 145(D)mm. It is offered with a 2 year parts and labour warranty for additional peace of mind.
