

CCR40 ROUND CORNER

Heavy Duty Manual Corner Cutter

The heavy duty desktop corner rounder CCR 40 is designed to provide multi-punching capabilities through a variety of interchangeable cutting tools. The corner rounder turns ordinary square cornered papers into striking, professionally looking documents with smooth round corners. Ideal for business cards, playing cards, brochures, etc. Cuts also PVC, card stock, polyester, leather, etc. It comes equipped with one standard 6mm cutting die. Optional dies available in 4, 6, 9, 12, 18 mm radius and straight knife 28 mm.

- Heavy duty metal construction
- Large capacity 40mm punching thickness
- Easily interchangeable corner rounder tools
- Infinitely adjustable guides for cutting accuracy
- Large operating table and waste drawer
