

Fraud Policy

Buymobilephoneinsurance.com provides quality mobile phone and gadget insurance products.

We have studied the market and customer needs to ensure we offer a quality and competitive price for our products, which also provide you with peace of mind when you need us most.

We are able to provide our customers with these competitively priced products because we work hard to ensure that we beat fraud and look after our customers. By doing so, we aim to resolve claims quickly and efficiently.

Please be aware that our claims team will carry out checks on all claims we receive, in addition to this where fraud is suspected we may pass details to fraud prevention agencies.

You only need to be concerned about these procedures if you are contemplating making a fraudulent claim.
