

Double Scissor Lifts

Product Code: BZ8132-DS / BZ8135-DS

Our popular double scissor-action service lift is available with a 3.2T or 3.5T lifting capacity making it ideal for small commercial vehicles and 4 x 4's where all-round access is required.

This high quality service lift is operated from a hydraulic control pedestal which can be located anywhere within 3 metres of the platforms. The lift can be surface or recessed mounted providing a complete obstruction-free working area making it popular with main agents, limited space workshops, tyre service bays and colleges.

This is an all-day workhorse; an impressive and extremely versatile workshop essential.
