

AC Hydraulic^{A/S}
NO COMPROMISE

UNIVERSAL BRACKET
FITS ALL PISTONS

Hinged tilt function for easy emptying

The design allows oil filters to drain hands free

The bracket has allocated space for tools, screws and small parts

Universal bracket for liquid tub

At first glance our flexible universal bracket for liquid tubs may seem simple, but when you put it to use you will notice our everlasting pursuit of perfection

The bracket is multi-adjustable and gives you the freedom to mount the tub on most types of pistons thus allowing you to upgrade your current equipment - or you may choose to assign one of our high quality transmission jacks to this small but essential device

The bracket is designed with allocated space for tools, screws and small parts and allows oil filters to drain hands free. Furthermore the bracket facilitates easy draining due to its hinged tilt mechanism allowing you to tilt and drain the tub with minimal effort and without compromising on stability

The bracket comes with a 15 liters liquid tub – additional tubs can be ordered

FACTS
