

Boston BPC

Product Code BPC-093

The Boston BPC-093 is our new small form factor high specification PC, specifically designed with robustness and simple installation in mind.

Compact and lightweight, the chassis is constructed from aluminium with fixing holes for panel, wall, or under-desk mounting. Supplied network ready with a fast Gigabit ethernet port enabling instant connection to the internet or other network resources. It comes with DDR4 RAM and internal SSD storage for quick start-up and shut-down times.

In standard configuration, the BPC is supplied with the latest Windows 11 Operating System and our new SW900 iV test lane control software pre-installed, but can also be supplied unconfigured on request. Incorporating a sturdy perforated chassis for maximum heat dissipation, and a textured black finish, the BPC-093 is well suited to industrial applications and demanding environments.

With a footprint of little over an A4 page, the new BPC is ideal for use where space is a premium. Various configurations are available - please contact us. OEM enquiries welcome.
