Replacement Fitting Bins

**Hire Purchase / Loans / Own Branded**

Please enquire to discuss the possibility of Hire Purchase or Loan for the duration of a project. We can also offer the option to include your own branding.

# FittingStor

Fittings Stores are a portable solution for securing expensive copper fittings and electrical items on site. They allow for easy access to fittings whilst minimising the risk of theft.

## Fitting Store (FC2)

- 5 lever deadlocks
- Heavy-duty doors with fixed hinges and secluded anti-jemmy protection
- Two reinforced adjustable shelves
- Six tough removable plastic compartment bins
- Durable brass keys with replacement serial numbers
- Four heavy duty industrial swivel castors (lockable)
- Fork lift skids on the base

**Code** 602005444 **External Size (W, D, H)** 800 x 585 x 1450mm

## Fitting Store (FC3)

- 5 lever deadlocks
- Heavy-duty doors with fixed hinges and secluded anti-jemmy protection
- Three reinforced adjustable shelves
- Fifteen tough removable plastic compartment bins
- Durable brass keys with replacement serial numbers
- Four heavy duty industrial swivel castors (lockable)
- Fork lift skids on the base

**Code** 602005811 **External Size (W, D, H)** 1200 x 580 x 1750mm

# PipeRack

For safe storage and transportation of pipes, conduit and strut etc. on site. Designed with a centre A-frame to improve stability, they are strong enough to hold up to 2 tonnes. The rack is collapsible so can be folded down and stacked when not in use.

## Pipe Rack (PR2)

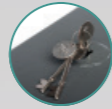

- Quick and simple to erect
- Designed to be nearly impossible to overturn
- Six heavy duty industrial swivel castors (lockable)
- Racks can be linked together for longer pipes
- Meets the demands of Health and Safety Officers

**Code** 602005443 **External Size (W, D, H)** 1000 x 1500 x 1560mm

**Fitting Store Optional Extras:**

- Replacement Heavy-duty Casters
- Replacement Fitting Bins
- Additional Keys
- Shelves (2' for FC2 or 4' for FC3)

# Mobile TuffBench

A heavy-duty storage cabinet with multi-purpose work surface. This mobile workbench helps ensure your tools and equipment remain safe from thieves and damage. Its ultra-tough surface is ideal for fixing chain vice, engineers vice and other equipment, making it indispensable for M&E contractors when threading and bending pipes.

## Mobile Tuff Bench (BH1270M)

- 5-lever deadlocks and an internal anti-jemmy system
- Safe working load of 1000kg
- Handles at each end of the unit for manoeuvrability
- Durable brass keys with replacement serial numbers
- Four heavy duty industrial swivel castors (lockable)

Code	External Size (W, D, H)
602005812	1120 x 705 x 920mm

## Mobile Tuff Bench with Wooden Top (BH1270M)

- The standard TuffBench but with a fitted wooden work surface

Code	External Size (W, D, H)
602005813	1200 x 700 x 940mm

### TuffBench and Cutting Station Optional Extras:

- Replacement Heavy-duty Casters
- Additional Keys

# Cutting Station

## Cutting Station (SS3)

A unique purpose-built work station designed for safely cutting lengths of metal, such as conduit, cable tray and pipe. It has many health and safety features to protect both the chop saw operative and those working in the surrounding area, including:

- The chop saw is positioned at a safe working height, minimising risk of accident or injury
- Dust extraction or air filtration systems can be easily connected
- Fire-rated sound deadening foam reduces noise pollution
- PVC screens contain and protect from sparks
- A rubber mat for the chop saw helps reduce vibration

- A vapour proof light
- One 110v power inlet supply
- Three 110v power outlets
- Interchangeable extending support arms
- A secure lockable cabinet
- Four heavy duty industrial swivel castors (lockable)

The Cutting Station can be easily moved around site saving both time and space when setting up safe areas for cutting.
