

GRIMEX 500ml Spray

TECHNICAL DATA SHEET

LTP GRIMEX

Intensive Cleaner

For interior & exterior use

Fast acting formula for cleaning and renovating tiles, worktops, fireplace surrounds and grouting. Does not contain Acid.

Deep cleans surfaces to remove dirt, grease, soot and old layers of wax and sealer. For use on all types of polished and unpolished stone, granite, slate, terracotta, quarry, ceramic, porcelain tiles, concrete and grouting. Suitable for renovating existing surfaces and conditioning new surfaces prior to sealing.

Directions for use

Ensure areas to be treated are dust free prior to application. Spray product directly onto surface and leave for a few minutes. Add a little water and agitate with a brush or suitably mild abrasive pad. Leave for 5-10 minutes and rinse with water. Repeat if necessary. This product should not be used for regular cleaning of sealed surfaces as it will remove the seal. Previously sealed surfaces should be resealed.

Coverage per 500ml: 5-10 sq m approx.

Important: Test on inconspicuous area before use. Mask and protect painted surfaces, untreated wood and other sensitive areas. Rinse off overspray. Use in well ventilated areas.

Store in a cool, dry, frost-free environment. Shelf life up to 5 years.

Health & Safety

Causes serious eye irritation

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Wash hands thoroughly after handling. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes.. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. Dispose of contents/container in accordance with local regulations.
