

SF310/ SF370

A great value out-front rotary mower utilising a tractor chassis for superb durability. With a choice of either 30hp or 36hp engines, these machines guarantee safe and reliable service on difficult terrain, while the comfort enables a higher volume of work to be carried out for long periods with minimal stress to the operator.

A combination of side or rear discharge cutting decks in various widths, permanent 4-wheel drive, cruise control together with the ISEKI diesel engine provides excellent performance and high-speed cruising. Maximum productivity and a superb finish are the attributes of this robust machine.

KEY FEATURES

- Power: 23kW (30hp) or 26.5kW (36hp)
- Drive System: Hydrostatic
- Cutting Width: 1.52m, 1.6m or 1.8m
- Special Features: Auto throttle system, cruise control

		SF310	SF370
