

SF450

The ISEKI SF450 is a large capacity centre collect rotary mower. Fitted with a 1.52m (60") deck and a 1300 litre hopper, the SF450 is highly productive. The high torque 35kW (46hp) engine ensures ample performance to cut and collect lush grass growth and maintain speed. With mulching plate supplied, the SF450 is an extremely versatile mower.
