P2226/P2226<sup>Plus</sup>

## Combining mobile printing efficiency with vibrant colour

High productivity, excellent image quality and **rapid printing** are the key elements of the Olivetti **d-Color P2226** and **d-Color P2226<sup>Plus</sup>** laser printers.

These models are delivered with a high-performance print controller which processes data swiftly and delivers output in vivid colours.

With their versatile connections and system compatibility with the “mobile” world, productivity is improved even further. The combination of simple operations, professional output and application versatility all help to accelerate office workflow.

The d-Color P2226 and d-Color P2226<sup>Plus</sup> have been designed to make a low impact on the environment and on a customer's budget, by utilising **long life components**. For added productivity, the printers also provide duplex printing, Gigabit Ethernet and a convenient 2-row LCD display.

What is more, the d-Color P2226<sup>Plus</sup> model is delivered with **standard Wi-Fi and Wi-Fi Direct connectivity**.
